Guidance on applying to the Fonthill Foundation for Grant Funding

- 1 The Foundation can only consider applications which promote education and are for projects based in the South East.
- 2 Except in exceptional circumstances organisations must be registered charities, recognised voluntary/community groups or receive state funding.
- 3 The Foundation does not fund individuals through the grant funding scheme.
- 4 The Foundation will only support organisations that they consider sustainable for the duration of the agreed project and are operating at an acceptable level of risk.
- 5 The Foundation looks to support projects or elements of a programme that would otherwise not receive funding, with the hope of increasing the diversity of educational opportunities locally.
- 6 In order to avoid any delay in your application please ensure you complete all sections of the application form.
- 7 You are required to submit a copy of your organisation's latest accounts and Annual Report with your application.
- 8 Applications can be submitted at any time. We will aim to respond as soon as possible with our decision however please allow up to two months for a reply.
- 9 In order to support as many deserving causes as possible, the majority of grants awarded are for £3,000 or less. However, this does not mean that the Foundation will not consider larger requests for more significant projects with increased outputs and outcomes.
- 10 Under normal circumstances the Foundation will only fund an organisation once for any particular project or activity.
- 11 If you require any further support completing your application, or have any questions please contact:
